Class Officers' Association Executive Board (COAEB) Mission

The Class Officer Association Executive Board, composed of volunteers **representing each of the class officer associations**, seeks to **meaningfully support and amplify** the work of Dartmouth's alumni class volunteers.

Through **programming, communications, and recognition**, the COAEB solicits and communicates volunteer sentiment to Dartmouth's Advancement division, highlights and promotes **best practices**, offers **volunteer training**, and **shares critical information** from the College to serve as a bridge in helping classes.

In partnership with Dartmouth staff, COAEB **supports classes** as they **increase and deepen classmate engagement in service to the College's educational mission**.
