The safety and well-being of our travelers remains our highest priority. Cruise lines and some other providers of services (as well as, potentially, some countries) require all passengers traveling on our programs to present confirmation of a full COVID-19 vaccination, and, as well, passengers may have to produce evidence of a recent negative COVID test. All our staff are committed to adhering to all health and safety protocols from the start of your trip to the end as directed by the United States Centers for Disease Control and Prevention, overseas health officials as well as those protocols mandated by your cruise company (if applicable) and other suppliers of services. Dear Alumni, Parents and Friends:

As the largest surface of fresh water on Earth and the gateway between the Eastern Seaboard and the Midwest, the Great Lakes are ideal for exploring North America’s rich maritime history, passion for invention, and sublime natural wonders. This expertly created program cruises all five of the Great Lakes—Ontario, Erie, Superior, Huron, and Michigan.

Journey from cosmopolitan Toronto to Milwaukee during early autumn, when the region’s foliage begins to put on its breathtaking, vibrant show. Cruise for seven nights aboard the exclusively chartered, five-star Le Bellot, featuring only 92 suites and staterooms, each with a private balcony. Call at smaller ports and discover some of North America’s most alluring towns, visionary cities, and magnificent coastal scenery. Enjoy a nostalgic horse-drawn carriage ride along the picturesque streets of quaint Mackinac Island—unchanged for over 100 years—to the iconic Grand Hotel. Cruise the protected waters near Tobermory, Ontario, Canada, part of a UNESCO Biosphere Reserve. Transit the historic Soo Locks at Sault Sainte Marie and the Welland Canal near Niagara Falls, two of the world’s most celebrated 19th-century engineering feats and major catalysts for industrial growth and innovation.

An archetype for 20th-century urban growth and the birthplace of Motown, Detroit is currently undergoing a renaissance. Experience the Motor City’s fascinating cultural legacy at the Detroit Institute of Arts, the Edsel and Eleanor Ford Mansion, and the Henry Ford Museum of American Innovation. This journey through the Great Lakes’ history and natural splendor culminates with a visit to awe-inspiring Niagara Falls, where a thunderous cascade of crashing water summons one of life’s most mesmerizing spectacles.

Joining us on this program are alumni from the National Trust for Historic Preservation and Johns Hopkins University. This refined itinerary aboard the five-star Le Bellot, with all meals and excursions included, triumphs the vitality, dynamism, and natural beauty of North America’s five Great Lakes. We encourage you to make your reservations while space and early booking savings are still available!

Explore. Discover. Learn.
In the heart of North America lies the world’s largest reservoir of fresh water, carved by glaciers 10,000 years ago. Surrounded by 11,000 miles of spectacularily sculpted shoreline, the five Great Lakes boast powerful natural wonders, historical maritime landmarks, and some of the greatest engineering feats of the 19th century. Our tour offers a glimpse of life on the Great Lakes over the last two centuries as we visit the nearly 200-year-old Welland Canal that connects Lake Erie with Lake Ontario and the mighty Soo Locks—one located in Sault Ste. Marie in Ontario, Canada, and the other in a city by the same name in Michigan. Learn more about this fascinating maritime history at the SS Valley Camp Museum, housed in a 1917 lake freighter, where two lifeboats from the famous Edmund Fitzgerald shipwreck are on display.
