- At the lodge, choose from a variety of outdoor activities, including hiking, birding, lake tours, and fishing.

- Enjoy guided tours and lectures led by local naturalists—including resident biologist, Dr. Brian Kotak, and First Nations guides—specializing in the region’s geology, geography, flora and fauna, and indigenous communities.

Itinerary:

NOTE: The itinerary is a general listing of activities and excursions that may happen during any part of the program. While chosen locations are favorable for witnessing the magic of the Northern Lights, we cannot guarantee their appearance. Many factors affect the visibility of this naturally occurring phenomenon.

Day 1: Arrive Winnipeg, Manitoba, Canada
Monday, September 27, 2021
Welcome to Canada! During leisure time, take advantage of the hotel’s many amenities.
Overnight: The Grand Winnipeg Airport Hotel

Day 2: Winnipeg / Flight to Gangler's North Seal River Lodge / Eskers Tour / Northern Lights Viewing
Tuesday, September 28, 2021
Take an early morning charter flight, arriving at a private airstrip at Gangler’s North Seal River Lodge. After landing, get to know your Orbridge Expedition Leader during a welcome lunch at the lodge followed by a brief introduction to the property and available activities.

After lunch and time to settle into your cabin, rejoin the group for a tour of the surrounding area by all-terrain vehicle. Learn about glaciation and how it plays an important role in the geography of this region. Over time, lakes, moraines, eskers, and glacial erratics have designed a visually fascinating landscape. Eskers—which are remnants of sub-glacial rivers that stretched across the area, sometimes as high as 400 feet and 100 miles long—are a notable feature of the terrain. These winding landforms have been used for hundreds of years as an important migratory route for wildlife and First Nations indigenous peoples.

While traversing the terrain, discover different habitats, visit an actual trapper’s cabin, and view various glacial erratics—non-native rocks transported to the area by moving glaciers.

Return to the lodge for time to unpack and unwind followed by hors d’oeuvres and a relaxing dinner.

Afterward, hear a presentation on ideal photography techniques to best capture the northern lights before heading out with hopes to view the aurora borealis when darkness falls. (Peak viewing may occur as early as 9:30 pm this time of year.)

If the northern lights become visible overnight, guests can request a wake-up call to join the
Day 3: Wildlife Excursion / Northern Lights Viewing
Wednesday, September 29, 2021
Wake up this morning with fresh coffee delivered to your cabin prior to breakfast. After eating, embark on a wildlife spotting expedition and scenic tour across the vast terrain. The North Seal River is located at the very top of the transitional subboreal forest—remarkably beautiful country that’s easy to hike, traverse, and explore. This area is home to bears, moose, wolves, otters, eagles, ospreys, and many others.

This afternoon, travel by boat to a pristine esker—a long, narrow ridge that snakes across the land. Made of layers of sand and gravel, eskers mark the location of a tunnel that developed beneath a glacier. Explore the topography of this geological curiosity during an easy walking tour, and track and spot wildlife with expert interpretation by a local guide. Animals use eskers for dens and for access across lakes or boggy land. Eskers can also be important sources of clean groundwater.

Lunch is a special treat—an incredible fresh Shore Lunch, a real Canadian wilderness tradition.

After hors d’oeuvres and dinner, watch the setting sun over the river. Then bundle up and venture back outdoors to view and photograph the northern lights alongside a professional nature photographer and the lodge guides.
